4 JAN 1982

The Honorable D. Lowell Jensen
Assistant Attorney General
Criminal Division
Department of Justice
Washington, DC 20530

Dear Mr. Jensen:

In response to your letter of 18 December 1981, I am designating [redacted] Associate General Counsel for Intelligence Community Affairs, and [redacted] Chairman, Technology Transfer Intelligence Committee, as my representative and alternate representative to the Inter-agency Working Group on Export Control Enforcement.

While the Intelligence Community does not have any enforcement functions under the export control laws, it does have the responsibility to disseminate information on the foreign availability of goods and technology subject to export controls under the Export Administration Act, consistent with the protection of intelligence sources and methods. In addition, information about the foreign acquisition, transfer and use of controlled goods and technology constitutes foreign intelligence of increasing importance and priority to the Intelligence Community.

In order to facilitate the availability and use of such information by agencies with responsibilities for export control enforcement, I believe the working group should give early consideration and approval to procedures that would govern the use of classified foreign intelligence by the export control community. Messrs. [redacted] will be prepared to discuss this issue, as well as others raised in your letter, at the working group's meeting on 12 January 1982.

Sincerely,

/s/ B. R. Inman

B. R. Inman
Admiral, U.S. Navy
